

divina  
trSAE 2 Automatic

the original  
Astoria  
machine

# product

technical data

Astoria's divina SAE/2 is the automatic espresso/cappuccino machine for the professional specialty coffee retailer operator. Chosen for its performance, reliability and quality craftsmanship, it can withstand the demand of the busiest coffee shop or the traffic of a large restaurant.

This model can dispense four different coffee dosages from each brewing head and is also equipped with independent semiautomatic override switch in each group.

Real max. production capability: 480 espresso servings per hour.
