WARMERS/MERCHANDISERS For Popcorn or Nacho Chips

Paragon

These Warmers/Merchandisers are ideal for environments that have very high usage in a short period of time. Each warmer has a 50 watt warming element in the base to keep pre-popped popcorn and nacho chips warm, fresh and available for peak selling times. The clear lid allows light to shine into the holding compartment while the stainless deflection board prevents Popcorn/Nachos from breakage during loading. Decals for both Popcorn and Nachos are included with each machine, allowing the user to customize it to their needs.

IDEAL FOR:

Arenas, Stadiums, Skating Rinks, Concession Stands, Malls, Cafeterias
