Popper with Cart](#)

Paragon

The Thrifty Pop 8 is a real work-horse with its 1250 watt Hard-coat anodized aluminum kettle producing 147 one-ounce servings per hour. With its small 14" x 20" footprint, it is ideal for environments that require high output without taking up much space. The Thrifty Pop 8 is a very low maintenance machine with its two-switch operation, stainless steel food-zone, tempered glass panels and the "easy-to-clean" side-hinged hard-coat anodized aluminum kettle. The heated warming deck will keep popcorn warm and fresh for long periods of time.

IDEAL FOR:

C-Stores, Churches, Skating Rinks, Concession Stands, Bars, Community Clubs
